The institutions named below agree to cooperate for the exchange of students and/or staff in the context of the Erasmus+ programme. This agreement is valid for the Erasmus+ call years 2025-2028 in:

- **KA171: PROJECT 2025-1-ES01-KA171-HED-000317280**

- **Extra funding from intra-European funds (Erasmus+ KA131) within the University of Valladolid projects 2023, 2024, 2025 and 2026 could be used for outgoing mobilities from the University of Valladolid, in case funding is available in the flows authorized by the Erasmus+ Programme Guide.**

The institutions (1) commit to sound and transparent management of funds allocated to them through Erasmus+ and to respect the quality requirements of the Programme, outlined in the Erasmus Charter for Higher Education (2) and in this agreement.

The institutions agree on exchanging their mobility-related data according to the principles of GDPR(3) and in line with the technical standards of the European Student Card Initiative , when this becomes available for international mobility involving third countries not associated to the Programme.

Sending institutions located in EU/EEA countries have to ensure compliance with the provisions of art. 46 GDPR for all participants' personal data exchanged in the context of their mobility with institutions from non-EU/EEA countries without an adequacy decision, on the condition that enforceable data subject rights and effective legal remedies for data subjects are available in the respective third country. The participants should be informed in a transparent manner about the level of protection of their personal data, if this is different from the one where the sending institution is located.

(1) Inter-institutional agreements can be bilateral or multilateral in the case of mobility consortia:
- Bilateral agreements are for cooperation between one higher education institution located in an EU Member State or third country associated to the Programme and another institution located in a third country not associated to the Programme
- Multilateral agreements are for cooperation between a mobility consortium of higher education institutions located in one single EU Member State or third country associated to the Programme and another institution located in a third country not associated to the Programme.

4. Partnership arrangements: fees and organisational support funds

In accordance with the Erasmus Charter for Higher Education, partners commit to charge no additional fees to students:

- In connection with the organisation or administration of their Erasmus+ mobility period. Any violation to this rule by the partners shall be brought to the attention of the National Agency and may lead to the termination of the participation in the project linked to this inter-institutional agreement, if no corrective measures are taken.
- For tuition, registration, examinations or access to laboratory and library facilities. Nevertheless, they may be charged small fees on the same basis as local students for costs such as insurance, student unions and the use of miscellaneous material.

Partners agree on the following use and repartition of organisational support funds including a list of objectives that both partners consider a priority:

OS Use and Repartition	Priority Objectives
OS will be managed and implemented by the University of Valladolid for the benefit of the project.	• Covering medical and health insurance for all students • Providing Spanish courses at a reduced price for all incoming students • Waiving students from any administrative fees (small fees) at the University of Valladolid • Providing up to 50% of the VISA fee (administrative fee, any additional cost or travel expense is not included)

(7) For an easier and consistent understanding of language requirements, it is recommended to use the Common European Framework of Reference for Languages (CEFR): http://europass.cedefop.europa.eu/en/resources/european-language-levels-cefr

5. Outreach and Selection of participants: calendar, application procedure and requirements

- Partners commit to doing outreach to participants with fewer opportunities to encourage their participation in the Programme and, where needed, agree on a common strategy to meet indicative inclusion targets.
- Partners commit to running selection procedures for mobility activities that are fair, transparent and documented, ensuring equal opportunities to participants eligible for mobility. The calls for applications must be public and an appeal procedure must be in place. Under no circumstances, shall applicants and selected participants incur any costs during application and selection procedures.
- In the case of student mobility, partners will ensure that other elements beyond academic merit are taken into account to ensure participation of students with fewer opportunities. Selection criteria and procedures must be clearly communicated in the call for applications.

Applications must be sent by each candidate through the online system created by the University of Valladolid UVAMOBPLUS2 (https://uvamobplus2.uva.es/).

There will be different Calls for Applications throughout each academic year and all candidates must apply for the mobility period following the internal requirements of their home institution as well as the requirements of the University of Valladolid.
